**Notice of Fee Increase on January 1, 2003**

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

### **DETAILED ACTION**

1. This communication is in response to amendment filed 7/17/02

#### ***Response to Amendment***

2. Claims 40-67, 72 and 81-84 have been canceled. Claims 1-39, 68-71, and 73-80 are pending and have been allowed.

#### ***Drawings***

3. The application having been allowed, formal drawings are required in response to this Office Action.

#### ***Reasons for Allowance***

4. The following is an examiner's statement of reasons for allowance:

The claimed inventions pertain to a method for conducting electronic commerce using electronic shopping carts or electronic commerce contexts. A shopping cart is a program that allows customers to place orders for merchandise, and pay for it, over the Internet. An electronic commerce context is similarly interpreted as a program having information relating to electronic commerce conducted over a network while the user is in that electronic commerce context.

The following prior art references have been deemed most relevant to the allowed claim(s):

Chelliah et al. (US-PAT-NO: 5710887) teaches system for facilitating commercial transactions, between a plurality of customers and at least one supplier of items over a computer driven network capable of providing communications between the supplier and at least one customer site associated with each customer. Each site includes an associated display and an input device through which the customer can input information into the system. At least one supplier is presented on the display for selection by the customer using the input device.

Art Unit: 3624

Yonezawa et al. (US-PAT-NO: 5905973) teaches an online shopping system having a shopping basket function capable of conducting an order process in onetime by storing items to be purchased in a purchase list, an interface for the shopping basket function is provided as a shopping basket window separate from a catalog window for displaying item data of the online shopping.

Yagasaki (US-PAT-NO: 6125353) discloses a mall server with a product search function, in which each product category has a particular effective period during which it is presented to customers as a selectable search key. In a virtual shopping mall system, customers can conduct a search for a set of products by designating a particular product category as a search key.

Reaz Hoque, Web Techniques, May 1998 teaches methodology of a shopping cart application as created using a JavaScript.

The Chelliah, Yonezawa, Yagasaki and Riaz references discussed above as the Closest Prior art of record fails to teach or suggest a method of conducting electronic commerce having the following novel feature as shown below:

Claims 1-6: providing a plurality of electronic shopping carts, each electronic shopping cart having an indication of items currently within the electronic shopping cart and receiving a selection of one of the shopping carts from the user computer system.

Claims 7-39, 73-80: providing a plurality of electronic commerce contexts, each electronic commerce contexts having information relating to electronic commerce conducted between the user and a vendor and receiving from the user a selection of one of the plurality of shopping electronic commerce contexts from the user computer system.

Claims 60-69 a method for interacting with a computer comprising selecting one of a plurality of interaction contexts for a user wherein the interacting is associated with the selected interaction context wherein the user provides at least one of the interaction contexts (all of the interaction context in claim 68).

Art Unit: 3624

Claim 70-71: a method for interacting with a computer comprising selecting one of a plurality of interaction contexts for a user whereby the interacting is associated with the selected interaction context and wherein only one of the plurality of interaction contexts is initially provided.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
